Shipping Information

Express Post / International Air Mail

By default, all shipping is done using Canada Post's Express Post (or international air mail for countries where Express Post is not available). For a table showing Express Post costs to various regions of the world, see below. For courier or surface mail shipment options, see the following sections.

Courier Shipping

For courier shipping, contact us by e-mail at ver@upei.ca and we will give you a quote for the cost. If you are ordering 1-4 copies through the web site ...

- fill out the form as usual
- in the comment box, enter the following text:

Courier shipping

###\$\$\$.cc###

where \$\$\$.cc is the quote that we send to you.

If you are ordering more than 4 copies, specify on your invoice that you want shipping by courier. For estimates of rates, see Table on next page.

If you have any questions, contact us at ver@upei.ca

Surface Mail Shipping

Surface mail shipping is the least expensive method of shipment, but may be very slow (Canada Post provides no shipping time guarantees) and in the past we have had some problems with lost shipments. Consequently, we strongly advise against using surface mail shipping and we do not provide any guarantees for shipments made in this manner. However, if you would like us to give you a quote for this type of shipment, please contact us at ver@upei.ca

Shipping and Handling Costs

The following table shows the approximate cost of shipping books by Express Post to selected destinations (prices as of October 2009). Typical delivery times are: Canada (1-3 business days), USA (5-7 business days), International (6-10 business days). For countries for which Express Post shipping is not available, International Air Mail shipping is used. Costs include a \$7 per order handling charge. See table on next page.
